

I am opposed to the CBA attempting to weaken the Indiana "do not call" law. Since this law was enacted in Indiana the volume of solicitation calls to my home has been reduced from an average of 2-3 per day to an average of 1 per week. The Indiana "do not call" list bars companies I have a business relationship with from calling my home. I approve of this restriction. If I want to discuss a service with one of these businesses I will call them. I do not need nor do I want every company I have a business relationship with to have a "right" to solicit me at home. No person nor organization should be able to call my home number unless I request it.
